The Pancasila Student Profile is an idea from the Ministry of Education and Culture which is a target that students must achieve. One of the Efforts to Realize a Pancasila Student Profile with the Enforcement Scout SKU. It is important to discuss what the Implementation Process for Enforcement SKUs is like and what progress students get by ordering SKUs. The purpose of this research is to find out how the process of implementing the Enforcement Scout SKU is implemented and what students get from completing the Enforcement Scout SKU.

This research uses a Humanist Approach and is a Qualitative Descriptive Research, with data collection procedures carried out by Interview, Observation and Documentation. Research informants amounted to 10 people. Data sources come from primary data and secondary data, using data analysis techniques to collect data, reduce data, present data and draw conclusions.

The results of this study indicate that the SKU Completion Process is carried out according to the agreement of the Students and Scoutmasters, with individual assessments. The method for completing the SKU is guided by the Guidelines for Completing the General Qualification Requirements for Enforcement of the National Scout Movement Kwartir No. 199 of 2011. In the Enforcement Scout SKU there is an Area for Developing Student Intelligence namely Spiritual, Emotional, Social, Intellectual and Physical. This research focuses on Development Areas that have alignment with the dimensions of the Pancasila Student Profile, namely the Spiritual field is aligned with the dimensions of Faith, piety to God Almighty, and noble character. The Intellectual Field is aligned with the Critical Reasoning Dimension and the Social Field is aligned with the Mutual Cooperation Dimension. The alignment between the Development Areas in the SKU and the Dimensions in the Pancasila Student Profile through the SKU can Realize a Pancasila Student Profile for Students.
