

## ABSTRACT

### **WILD RACING BEHAVIOR AMONG ADOLESCENTS DUE TO PARENTING NEGLECT**

**Keywords: Behavior, Wild Racing, Teenagers**

*This study aims to determine the behavior of adolescents in wild racing. Based on the background that has been described, the researcher refers to the ruma of problems about how to prevent illegal racing in Gedugan Village, Giligenting District, Sumenep Regency in this study used is a qualitative approach. A qualitative approach is a research that produces an analysis procedure that does not use statistical analysis procedures or other quantitative methods.*

*The beginning of illegal racing in Gedugan Village, Giligenting District occurred due to social factors brought from Jakarta, and the road used to conduct illegal racing on Jalan Raya Gedugan which has a straight road measuring approximately 300 meters long and 5 meters wide. (1) behaviors that occur among adolescents such as wild racing, drinking, where these behaviors can plunge adolescents into offenses and crimes. (2) family factors, if in the family a child does not get happiness, then what happens is that adolescents are stressed, unable to control emotions, and adolescents vent all the disappointments they have, environment or place of residence, stress is one of the factors in adolescents that encourages adolescents to do wild races.*
