

ABSTRACT

He Use Of Caricature Media On The Theme Of Youth's Power Concerning The Value Of Unity And Unity In Pancasila And Citizency Education Subjects In Forming Critical Thinking In Class VIII Students At SMPN 1 Lenteng

The lack of student interest in taking Civics subjects regarding the Youth Pledge in the form of the value of unity and oneness is a problem in itself, this is influenced by monotonous learning methods and tends to focus too much on the teacher, plus the lack of learning media to support teaching and learning activities, is the main cause of the lack of student activeness and critical thinking processes of grade VIII students at SMPN 1 Lenteng. This research was conducted to provide stimulation and a positive impact in optimizing students' thinking processes in learning through audio-visual methods in the form of caricature media. Qualitative research methods are research procedures that produce descriptive data in the form of written or spoken words from the people being observed; The approach is background-oriented and holistic, using a humanist approach. Based on the results and discussion of this research, caricature media plays an important role in increasing enthusiasm and forming students' thinking processes through audio-visual media, this will make it easier for each student to illustrate the material presented in Civics subjects regarding the Youth Pledge regarding national values. in interfaith communities. Even the school principal and teachers gave a positive response to the implementation of caricature media because it was effective in increasing enthusiasm, attention and critical thinking in the classroom.
