Analysis of PPL II Student Activities in Forming Pancasila Student Profiles at SDN Talang 1 Saronggi District: 2024. Barik Fuadi.

Keywords: PPL II Students, Pancasila Student Profile

This research was carried out with the aim of finding out how the Pancasila student profile was formed, as well as the implications for students at SDN Talang 1 which was carried out by PPL II students of the PGSD Study Program STKIP PGRI Sumenep. This research uses a descriptive qualitative approach, with data collection methods using observation, interviews and documentation activities. The informants for this research include tutor teachers, homeroom teachers, students and PPL II students.

The content of this research is in the form of a detailed narrative description. The results of this research show that PPL II students carry out activities to form the dimensions of the Pancasila student profile, namely faith, devotion to God Almighty and noble character, global diversity, mutual cooperation, independence, creativity, critical reasoning, which has implications for students at SDN Talang 1.

This was demonstrated by direct observation activities and interviews with informants regarding the application of the 6 dimensions of the Pancasila student profile. As is the basic competency and character of a Pancasila student that is needed to prepare quality human resources.
