SDN Campor Barat 1 is one of the schools that preserves the culture or local wisdom of the Sumenep area, which is then used as an extracurricular activity, namely Sanggar Skrikandi. This research aims to find out what dimensions of the Pancasila student profile are found in the local wisdom of the Sumenep Dalang Mask at SDN Campor Barat I. The research method used in this research is a qualitative approach. The results of this research are that the implementation of the Pancasila student profile contained in the local wisdom of the Sumenep Dalang Mask at SDN Campor Barat I can be carried out well. In its implementation, the researcher applied the P5 learning stages to determine the effectiveness of implementing the Pancasila student profile contained in the local wisdom of the Sumenep Dalang Mask. Therefore, researchers found 3 dimensions contained in P5 learning based on the local wisdom of the Sumenep Dalang Mask, namely the Independent Dimension, the Mutual Cooperation Dimension, and the Creative Dimension.
