

ABSTRACT

Application of the Demonstration Learning Method by Utilizing Audio Visual Media to Improve Indonesian Speaking Skills Main Topics of Speech Texts for Class IX Students of MTs Al-Hikmah Pragaan Daya Sumenep Academic Year 2023-2024. 2024. Fauni

Keywords: Application of Demonstration Learning Methods Using Audio Visual Media to Improve Students' Speaking Skills.

The main problem in this research is how to apply the Demonstration learning method using Audio Visual Media to improve the speaking skills of class IX students at MTs Pondok Pesantren Al-Hikmah Pragaan Daya.

This research aims to improve students' speaking skills by using demonstration learning methods and audio-visual teaching aids for class IX students at MTs Pondok Pesantren Al-Hikmah Pragaan Daya. This type of research is Classroom Action Research which consists of two cycles, each cycle completed in one meeting. The research process includes planning, implementing actions, observing and reflecting. The subjects of this research were 13 class IX students at MTs Al - Hikmah Pragaan Daya. The research results showed that in cycle I, only 4 students or the equivalent of 40% of 13 students achieved the minimum completion criteria (KKM). Regarding the general criteria for learning success, this level of success was not achieved because the ideal skill acquisition level is 75%. Meanwhile in cycle II, the achievement of each of the 13 students was 10 or 85% and met the Minimum Completeness Criteria (KKM). Regarding the general criteria for learning success, the level of success is achieved because it has exceeded the ideal level of skill achievement, namely 75%. Based on the research results, it can be concluded that students' speaking skills using the demonstration learning method and audio-visual teaching aids for class IX MTs Al-Hikmah Pragaan Daya Islamic Boarding School have increased.
