

## **ABSTRAK**

*Efforts to Improve the Learning Achievement of Class VII Students in Persuasive Text Material for Indonesian Language Subjects Using the Quantum Teaching Model at SMP Negeri 1 Batu Putih in 2023*

*Keywords: Persuasive Text, Quantum Teaching Model, Learning Achievement*

*This research uses the Quantum Teaching Model with the aim of describing the Implementation of the Quantum Teaching Model and describing the Improvement in Learning Achievement in Persuasive Text Material for Class VII Indonesian Language subjects. This research used the Classroom Action Research Method, conducted at SMP Negeri 1 Batu Putih Sumenep.*

*In this research, the subjects used were class VIII students at SMP Negeri 1 Batu Putih, Sumenep Regency in 2023-2024 with a total number of 20 students consisting of 11 girls and 9 boys. This research took place in II Cycle. The instruments used in this research were Student Writing Skill Observation Sheets, Teacher Observation Sheets and Student Interview Sheets. The indicator of success in this research is increasing student learning achievement if it reaches 70% with 75% completion of the number of students.*

*Research results in Cycle I obtained results from 6 students (23.75%) in the completed category and 14 students did not complete, with the lowest score category being 40 and the highest score being 85. Meanwhile in Cycle II the observation results obtained were 18 students (79.72%). %) in the complete category and 2 students did not complete with the highest score being 90 and the lowest score being 65. So it can be said that Cycle II has reached the KKM with a score of 75% and has achieved Classical completion for 75% of the total students.*
