

ABSTRACT

ANALYSIS OF THE AVAILABILITY OF FACILITIES AND INFRASTRUCTURE FOR PHYSICAL EDUCATION, SPORTS AND HEALTH (PJOK)

Moh. Lutfi Madani

Keywords: Facilities and Infrastructure PJOK

This research also uses a descriptive approach through a non-experimental quantitative design. The subjects of the research include the availability of facilities and infrastructure for physical education, sports, and health (PJOK) at MTS AL-ABROR PAMEKASAN with the results of the recapitulation of the research on facilities and infrastructure for physical education, sports, and health at MTS AL-ABROR Blumbungan Village, Larangan District, Pamekasan Regency, showing that: the availability of sports facilities and infrastructure at MTS Al Abror is still minimal. The research data was obtained by researchers through observations on site and recorded on observation sheets with the help of physical education teachers at schools that were used as research subjects.
