

## **ABSTRACT**

### **PROFILE OF INDONESIAN HANDBALL ASSOCIATION (ABTI) SUMENEP.HENDRIYANSYAH**

**Keywords:** *Profile, Handball, Indonesian Handball Association*

*ABTI (Indonesian Association of Bolatanga) is an organization that accommodates and houses the sport of entry. The organization that is formed certainly has a goal to be achieved, one of which is the achievement of an achievement. In addition, a good stewardship and management system can also have a good influence.*

*This research uses a qualitative approach. The data analysis technique used in this research is descriptive based on qualitative analysis. Descriptive is data in the form of words, pictures and not numbers that are collected and become the key to what has been researched.*

*The results of the organizational research in the ABTI Sumenep maturity team are quite good, because some elements in the organization run according to their respective functions and positions and have good coaching methods and some quite encouraging achievements.*

*The conclusion that can be given by the researcher is that he hopes to provide an overview and input to the management, coaches and athletes of the draft team regarding the state of the organization, facilities and infrastructure in the Sumenep ABTI training team so far it is still inadequate.*
