

ABSTRACT

Qomariyah, Nurul. 2021. *Increasing the Students Learning Students Using the Model of Learning Picture And Picture Improving Student Learning Outcomes Theme 4 Sub Theme 2 Work Around Me Class IV SDN Kebunan II Academic Year 2020-2021.*

Key words: Learning Models, Picture and Picture.

This study aims to describe the application of the learning model Picture and Picture with the pop-up learning media in the increasing results of students learning.

This study is a study of classes there are four stages, namely: Planning, implementation, observation, and reflection. processing collection techniques in this study use tests and observations. Tests are used to find out the increase in students' learning results, and observations are used to determine the achievement of the learning process.

The results show that the application of learning model Picture and Picture with a pop-up media book can be considered to help students in understanding material, so the results of students learn to rise to a solid cycle. at pre- cycle stages, the IPS lesson reached 23%, PPKn reached 8%, while the Indonesian language lesson is 0%. On the IPS Lesson cycle reaches 38%, PPKn reaches 23%, and Indonesian language lessons reach 15%. And on the second IPS cycle reached 69%, PPKn reached 46%, and Indonesian language lessons reached 38%. While on the third III lesson IPS reaches 85%, PPKn 69%, and Indonesian language lessons reach 69%.

Application of learning Increasing the Students Learning Students Using the Model of Learning Picture And Picture Improving Student Learning Outcomes Theme 4 Sub Theme 2 Work Around Me Class IV SDN Kebunan II Academic Year 2020-2021.
