

ABSTRACT

IMPLEMENTATION OF “PROFIT” APPLICATION IN INDONESIAN LEARNING TO IMPROVE READING SKILLS OF CLASS 1 STUDENTS AT SDN JATE, GILIGENTING DISTRICT

Keywords: Profit Application, Reading Skill

This study aims to improve the reading skills of grade 1 students in learning Indonesian by using the LABA application. This research was conducted at SDN JATE, Giligenting District.

This type of research used is Classroom Action Research. This research was carried out as an effort to overcome reading problems that occurred in grade 1. This CAR research was carried out in four stages which included planning, implementation, observation, and reflection.

The results of research that has been carried out during the learning process with KKM 75 can be concluded that the reading skills of class I students in the first cycle there are 4 students who complete with a percentage of 50%. In the second cycle, overall grade 1 students experienced completeness with a percentage of 100%. Based on the results of the percentage of cycle I and cycle II, there was a significant increase using the LABA application.
