

## ABSTRACT

The objective of this research are to improve soccer shooting basic technique learning outcomes through mini goal media in class x social sciences 1 SMA Negeri 1 Masalembu for the 2021- 2022 Academic Year. Imran Suyudi

*Keywords: Soccer, Mini Goal Media, Shooting Basic Technique*

The purpose of this study is to ascertain whether mini goal media can improve soccer shooting basic technique in class X social sciences IPS 1 SMA Negeri 1 Masalembu for the academic year 2021-2022.

Classroom Action Research is the methodology employed. Participants in this study research are students of class X IPS 1 SMA Negeri 1 Masalembu which consisted of 26 students, namely 18 male students and 8 female students. In the CAR ( Classroom Action Reserach) using 2 step, Cycle I and Cycle II that consists of plans, actions, observations, and reflections.

The results of this research show that the first cycle, the reseacher found there are 9 student who completed with a 35% percentage and an average score of 63.3. While in the second cycle there are 26 students who completed with a 100% percentage and an average score of 89.4. It means that there is a percentage increase of completeness occurs and an average score from cycle I to cycle II. Based on the method approach above, it can be concluded that this research can improve the basic technique of soccer shooting through mini goal media.
