

## ABSTRACT

**Moh. Jari, 2019: "Efforts of PPKn Teachers in Prevention and Control of Truant Students' Behavior at MTs Miftahul Ulum, Mandala Village, Rubaru District, Sumenep Regency".**

Keywords: *Overcoming, truant.*

Tackling means holding back difficulties, attacks. So tackling or overcoming what the author means is an action to overcome difficulties by applying energy, the mind to achieve the intent or purpose and optimal results. ditching is a form of behavior that leaves activities that should be done in a certain time and certain tasks / roles without clear notification.

This study aims to analyze the Efforts of PPKn Teachers in Prevention and Control of Truant Student Behavior in MTs Miftahul Ulum, Mandala Village, Rubaru Subdistrict, Sumenep Regency, then the data that can be obtained based on observations and interviews conducted by researchers in a structured manner to the speakers regarding the title of the researcher. This study uses a research method with a qualitative naturalistic approach, with this approach, researchers are active in interacting with research subjects in situations as they are without engineering, so that the data obtained from a phenomenon is natural and natural. The procedures for collecting data in this study were direct interviews involving Subject Teachers, Principals, and Students of MTs Miftahul Ulum, Mandala Village, Rubaru District, Sumenep Regency. In addition, the procedures used are observation and documentation. In this case, the researcher arranges and compiles data that has been arranged systematically and then gives conclusions on the results of the research.

From the results of this study indicate that ditching school is one form of deviant behavior or juvenile delinquency that every time is done by students in varied forms, for example not entering school without information and leaving school when school hours are still ongoing. Truant behavior is a starting point for someone's change in a bad direction, because during their activities students tend to do things that have minimal usefulness and even lead to negative things.

Actions / countermeasures in this case are actions taken by the teacher in order to prevent, overcome and overcome truant students. So what is meant by overcoming student delinquency is the efforts or actions taken by school education teachers to prevent / overcome or overcome truant students.
