

ABSTRACT

Analysis of Intrinsic Elements in Short Stories in Thematic Textbooks Integrated Environmental Themes Our Friends For Primary Schools Class V

Keywords: *Short stories, Textbooks, Elementary Schools, Environment*

This study aims to determine the role and value of characters contained in short stories in integrated thematic books for Elementary School class V The theme "Our Friends Environment" as a study and reference for the development of the learning process with maximum learning objectives.

This research is a qualitative research with this descriptive research method that tries to describe the results of research in the form of the role and value of the short story character. The procedure in this study consisted of the process of planning, implementation, observation and reflection. The data collection process is done by taking notes and documentation which is then continued with the process of data analysis and checking the validity of the data.

The results of this study show that the intrinsic elements of the short story are theme, plot, character and characterization, setting, point of view, and mandate. The character value contained in the short story in the thematic book is 13 characters. So, there are only five characters not listed in the story in the thematic book. The character values in question are Religious, Jujjur, Tolerance, Discipline, hard work, creative, democracy, curiosity, communicative, environmental care, social care, and responsibility.
