Erasmus's understanding of humanism has three points, namely tolerance, kindness and respect for human rationality, so that these things prioritize human conditions in living an unlucky life.*

*The results of this study provide a view that the understanding of humanism embraced by Erasmus is not harsh, but it is good to remain active and synergize in life at this time. And it provides an understanding that Erasmus' humanism is nothing more to defend good human values through its movement, even though Erasmus' life was in the 17th century.*
